Initiative in action

Work on realization in the Volozhin district project "Dissemination and application of the idea of the CRPD." It held all the necessary consultations, training seminars. The first event, which may be the real start of the project, became a press lunch for the representatives of regional and local press, leaders of public associations, as well as all stakeholders.

Leonid Vikentievich Sadowski - Head of the Department of Labor, Employment and Social Protection of the executive committee, Galina Fadeevna Paradise - Director TTSSON summed up the preliminary work, share your own thoughts about the step by step realization. It was noted that at this stage it is the people with disabilities and their families should be fully express their interest and join in the work.

During the discussion, thoughts shared chairman of the primary organization of NGO "Belarusian Association for Assistance to Disabled Children and Young People" Larisa Scherbachevich, chairman of the regional organization of the Belarusian Society of Disabled Victor Olgertovich Suboch, chairman of the district offices of the Belarusian association of visually impaired people Mikhail A. Nevedomsky, mothers of children with disabilities Volozhin, Ivenets, Rakova, representatives of the Belarusian Republican Youth Union, employees and TTSSON TsKRNiR. Participants expressed some interesting ideas. Among them - the search for volunteers through social networks, the organization of a mini-groups to social leave for parents of disabled children. Mothers raising children with disabilities, offered to discuss several important issues such as inadequate barrier-free environment in the settlements of the region. For example, the question of Iryanets where it is impossible to wheelchair users visit the BWC - so uncomfortable ramp in the facility. However, the present note that the shift in the direction of socialization of people with disabilities have, and they are significant.

During exit counseling, which will be held in the territories of rural councils, gathering information - the comments, suggestions and wishes - to continue, then all the information will be processed. It is planned to hold a round table on the results of the project
